**LENTEN SERIES AND STUDY**

**The Transforming Power of Surrender**

Every child at some time in their life has played with building blocks. I still remember the fun I had as a child building different things from these blocks. One thing that I remember very well is that I used to enter into a contest with another child to see who could build the tallest tower. The one who could stack up the most blocks without their tower falling was the winner. Did you ever play that game?

I thought it might be fun to play the tower game this morning. Here is the way we will play. For every good thing we've done, I will add a block. Let's see if I can build this block high enough to reach heaven. Let's see, where shall I start? (Encourage children to call out good things. Add blocks until the tower falls over.)

Crash! Well, my tower got just a little too tall, didn't it?

Jesus taught His disciples that whenever people think they are so good that they don't need God, they are headed for a fall!

Pick up two blocks and use them to tell the story. One block will be the Pharisee and one will be the Tax Collector. Hold up the appropriate block while you talk.

Jesus told about two men who went to the temple. A temple is like a church. One of the men bragged about all of the great things he did and thanked God that he wasn't like those other sinners in the temple.

The other man, instead of bragging about how great he was, humbly asked God to forgive him for all of the times he failed to be the kind of person that God wanted him to be.

This man knew that he could never do enough good things to be as high as God. This man knew that he needed God.

## Theme

We need God.

The Power of Prevention

### **March is National Colorectal Cancer Awareness Month**

Life Line Screening will be offering preventive health screenings on Wednesday, March 18, 2026. As part of the screening event, Life Line Screening will offer *low-cost* take-home colorectal cancer tests called FIT (Fecal Immunochemical Test) in recognition of March as Colorectal Cancer Awareness Month. These tests are simple, accurate, and recommended for the early detection of colorectal cancer. According to the Centers for Disease Control, the risk of developing colorectal cancer increases with age. More than 90% of cases occur in people aged 50 and older.

Other preventive screenings provided check for stroke risk, abdominal aortic aneurysms, and osteoporosis. Faith United Methodist Church is pleased to make these important screenings available by hosting Life Line Screening, the nation's leading provider of preventive health screenings.

Screenings are fast, painless and affordable. Three key tests check for blocked carotid arteries, an irregular heart rhythm called atrial fibrillation, and high blood pressure, which are the three leading risk factors for stroke. Strokes are the third leading cause of death in the U.S., yet, with preventive strategies, 80% of strokes can be prevented.

Other tests check for abdominal aortic aneurysms and hardening of the arteries in the legs. A bone density screening to assess osteoporosis risk is also offered and is appropriate for both men and women. Many events also offer blood tests, including cholesterol, glucose and c-reactive protein screenings.

For more information regarding the screenings or to schedule an appointment, call **1-844-591-7160** or go to <https://www.llsa.social/hscsa>

or **text the word circle to 216-279-1607**. Pre-registration is required.
